L008: Fraction reasoning and retrieval

F1

Tomorrow calculate $\frac{3}{4} - \frac{1}{8}$ and $(\frac{2}{5}) \div (\frac{4}{5})$.

F2

Before L008, write one false fraction rule and a counterexample.

Read before the next lesson

An independent check uses the meaning of the original problem. Estimate the size, reverse an operation, or represent equal parts. Repeating the same mistaken procedure is not a check.

Bring your methods and one question. Retry F1 in one week.
