L016: Proportion problems and repair

F1

Tomorrow find £/kg for 250 g costing £1.10.

F2

Before L016, share £48 in the ratio 1:3 and explain what one part represents.

Read before the next lesson

A ratio shares a total into equal parts. Proportion scales corresponding amounts by the same factor. Decide whether the given number is a total, one share or a difference before calculating.

Bring your methods and one question. Retry F1 in one week.
