L024: Cumulative checkpoint and feedback

F1

Tomorrow find the n th term of 3,7,11,... and its tenth term.

F2

Before L024, choose one earlier error in fractions, ratio or algebra. Write a fresh question to test the repaired method.

Read before the next lesson

A checkpoint selects the next teaching step. Try without prompts, identify whether an error concerns units, operations, signs or structure, then practise a new question before rechecking after a delay.

Bring your methods and one question. Retry F1 in one week.
